WELCOME SPEECH

Dear Friends and Colleagues,

It is a great honor and special pleasure for me, as the president of Asia college of neuropsychopharmacology, to welcome you to Yogyakarta for the 1st AsCNP for ASEAN International Congress of Neuropsychopharmacology 2019 which will be held in Royal Ambarukmo Hotel , Yogyakarta - Indonesia, from February 28th – March 2nd 2019. For the first time the AsCNP organized congress between the biannual congress for ASEAN region. Our purpose is to improve the awareness and foster the level of knowledge of the colleague about neuropsychopharmacology especially in South East Asia. Yogyakarta is believed to be an excellent setting to focus on discussion under the theme : “Breakthrough in Neuropsychopharmacology intervention, from ASEAN to global perspective”. Today, neuropsychopharmacology, either in basic or clinical setting, is one of the most advance field in psychiatry. The development of clinical research and novel drugs, the current progress in molecular biology and modern neuroscience, the new nomenclature and perspective of psychotropic drugs, and still we face the challenges and difficulties in our approach to psychiatry disorders and mental health care. Moreover, as we progress through the 21st century, the challenges of integrating comorbid physical, mental and social care, altogether with primary and secondary care, are truly important. We hope that AsCNP for ASEAN congress 2019 would be the ideal platform to exchange and to promote our innovative knowledge in this field. Taking this wonderful opportunity, I encourage and invite you to experience the congress and take advantage to take part in all scientific programs that have been arranged. I believe with your support and participation, we will make this congress successful and remarkable. More importantly, please make sure to spend more days to explore the beauty, miracle, culture, and hospitality of Yogyakarta. With open arms and warm regards, I look forward to seeing you in Yogyakarta, Indonesia, and interacting with you both socially and professionally.

Sincerely Yours,

Andi J. Tanra

Past President of AsCNP

Dear Colleagues,

We are delighted to announce that the Asian College of Neuropsychopharmacology (AsCNP) will be holding a South-east Asia international meeting, which will be held in Yogyakarta, Indonesia on February 28th - March 2nd 2019. The meeting will be entitled as the 1st AsCNP for ASEAN International Congress of Neuropsychopharmacology 2019. The theme of the congress is “Breakthrough in Neuropsychopharmacology intervention, from ASEAN to global perspective”.

The congress will include a neuropsychopharmacology findings either in research or clinical apply. Within each session, including, plenaries, keynote lectures, workshops, symposia and poster/oral presentation sessions will address cutting edge topics. Several promising new technologies and findings are on the horizon in biological psychiatry and neuropsychopharmacology. This congress will provide an ideal forum to exchange knowledge related to these innovations in order to advance the field.

In addition to the state of the art scientific meeting, Yogyakarta offers many wonderful tourist activities. All these experiences and many more are waiting for you in Yogyakarta, Indonesia.

So please visit Yogyakarta, Indonesia for what we promise will be an unforgettable experience. We encourage you to join the congress. We look forward to seeing you all in 2019!

Best Regards,

Sonny T. Lisal

Chair of Local Organizing Committee

TOPICS (TENTATIVE)

Lectures and Symposium

- Peripubertal Stress and Hippocampal Damage as Risk Factors in the Pathophysiology of Schizophrenia: Implications for Treatment & Prevention
- Rising Tide of Dementia in Asia Challenges in Pharmacological and Psychosocial Interventions
- Neuropsychopharmacology and Recent Treatment Updates in ASEAN Countries
- Biomarkers in Diagnosis and Treatment of Mental Disorders
- Overcoming Stigma of Mental Health
- Diagnosis and Treatment for Alcohol Use Disorder
- Mood Disorders Treatment Guidelines
- Sociobiological Perception of Depression
- Nutrition, cytokines, and neurotrophic factors in Psychiatry
- The Uses, Abuses and Monitoring of Prescription Drugs
- Glutamatergic system as novel therapeutic targets for neuropsychiatric disorders
- Smoking cessation in southeast Asia

- Epidemiological and clinical studies in bipolar disorders: differences between Indonesia and Taiwan
- Metabolic Syndrome in Psychiatric Patients
- Update on Behavioural Addiction Symposium (UBAS) 2019 : "Keeping up with the Common Modern Day Addiction"
- Child and adolescent mental health issues and psychopharmacology: Perspectives from South-East Asian Nations
- The use of animal model technique and assessment in psychiatric studies
- Linking Biological Factors and the Social Cognition to the Clinical Symptoms and Treatment Outcome of Schizophrenia

Workshops

- Functional Near-Infrared Spectroscopy (fNIRS)
- Updated Treatment of Dementia
- NbN (neuroscience-based nomenclature)
- Scientific research, from developing ideas to international publication
- Management of drug side effect, focus on movement disorder

PROGRAM HIGHLIGHTS

WORKSHOPS

Workshop 1	Electroconvulsive Therapy: Application, Safety and Efficacy	Chee Kok Yoon	Malaysia
		Isa Multazam	Indonesia
		Hanis Aminah John Mohamad	Malaysia
		En Mohd Bunyamin Mohd Taufik	Malaysia
Workshop 2	How to Write and Publish a Manuscript	Anthony Grace	USA
		Winston Shen	Taiwan
Workshop 3	Functional Near-Infrared Spectroscopy (fNIRS)	Jun Soo Kwon	Korea
Workshop 4	Management of Dementia	Masatoshi Takeda	Japan
		Kua Ee Heok	Singapore
Workshop 5	Assessment and Management of Medication-induced Movement Disorders	Edmond H. Pi	USA
Workshop 6	Developing a translational research model towards prevention and early intervention in psychosis	Michel Cuenod	Switzerland
		Kim Q Do	Switzerland
Workshop 7	Good Prescribing Practice for Psychiatrist	Mian Yoon Chong	Taiwan

***All Workshop is Free Enter, Limited Seats are Available
Workshop Certificate is Not Available**

SPECIAL LECTURES

Special Lecture 1	Mental Health Stigma in Southeast Asia	Porsche Poh	Singapore
		Prianto Djatmiko	Indonesia
Special Lecture 2	Recent Update in management of Psychosis and Mood Disorders	Tomiki Sumiyoshi	Japan
		Malcolm Hopwood	Australia
Special Lecture 3	Recent Update and Management in Alcohol Addiction	Toshikazu Saito	Japan
		Winston Shen	Taiwan
Special Lecture 4	Progress in Neuropsychopharmacology in ASEAN Perspective	Hazli Zakaria	Malaysia
		Arnab Kumar Ghosh	Singapore
		Yongyud Wongpironsarn	Thailand
Special Lecture 5	Biomarkers in Diagnostic and Treatment of Mental Disorder	Kim Savuon	Cambodia
		Toshitaka Nabeshima	Japan
		Kim Q Do	Switzerland
		Naho Ichikawa	Japan

DAY-I (Thursday, 28th February 2019)

Time	Room	Room A (Main Hall / Kesultanan 2)	Room B (Kesultanan 1)	Room C (Kesultanan 3)	Room D (Trajumas 1)	Room E (Trajumas 2)
09.00 – 10.30 (90')				EW 01 Electroconvulsive Therapy: Application, Safety and Efficacy Chair: Chee Kok Yoon (Malaysia)		
10.35 – 12.05 (90')			EW 02 Functional Near-Infrared Spectroscopy (fNIRS) Jun Soo Kwon (Korea)		SL 01 Mental Health Stigma in Southeast Asia Porsche Poh (Singapore) / Prianto Djatmiko (Indonesia)	
12.05 - 13.05 (90')			Lunch			BM 01 Board Meeting AsCNP
